BeneCare Dental Plans

Welcome to the Connecticut Dental Health Partnership

Dear Doctor:

We are pleased to announce that the State of Connecticut's publicly funded dental care programs, HUSKY A, HUSKY B, HUSKY C (Traditional Medicaid Title XIX Fee For Service) and HUSKY D (Medicaid For Low Income Adults-formerly State Administered General Assistance "SAGA"), now have been combined into one dental plan with a new name: the **Connecticut Dental Health Partnership (CTDHP)**. CTDHP oversees the dental plan for the Department of Social Services (DSS) dental care programs which cover more than 750,000 residents in Connecticut. Participants in the program include the aged, blind and disabled, low income families and adults as well as the state sponsored insurance plan known as SCHIP. The number of beneficiaries is approximately evenly split between children and adults.

DSS is the lead agency for the State of Connecticut which provides a broad range of services to the elderly, people with disabilities, families and individuals who need assistance in maintaining or achieving their full potential for self-direction, self-reliance and independent living. DSS administers over 90 legislatively authorized programs and operates on one-third of the state budget. DSS also administers the Medical Assistance Program which includes the Connecticut Dental Health Partnership.

BeneCare Dental Plans was selected by DSS, in 2008, as the Administrative Service Organization (ASO) to manage the Connecticut Dental Health Partnership for the State of Connecticut. BeneCare is a dental benefit management company that operates dental benefit programs for fully insured and self-insured clients in the Northeast and Mid-Atlantic regions under a wide array of State, County and Municipal government, multi-employer welfare fund and commercial employer sponsored plans.

Please review the material in this manual carefully. The manual is an addendum to the contract you have with the state of Connecticut Medical Assistance Program. Item 10 of the Provider Enrollment Agreement states in part: "To abide by the DSS' Medical Assistance Program Provider Manual(s), as amended from time to time, as well as all bulletins, policy transmittals, notices and amendments that shall be communicated to the Provider, which shall be binding upon receipt unless otherwise noted". Please pay particular attention to the section entitled Connecticut Dental Health Partnership Policy/Standards of Care which contains information on marketing guidelines as well as appointment scheduling guidelines and other important information. The CTDHP will be sharing a variety of programmatic updates and notices with you in the future, so please be on the look-out for communications from the CTDHP and place them in your manual which has been provided in a three ring binder for your convenience.

Thank you for your continued participation in the CTDHP programs and support of Connecticut's neediest residents.

Sincerely,
Connecticut Dental Health Partnership

Department of Social Services Website

DSS contracts with HP Enterprises, Inc. to maintain the website for the Medical Assistance Program and it is called "interChange" or iC for short. The Connecticut interChange web portal is comprised of both a Public web site and a secure web site. The web portal is accessed at www.ctdssmap.com.

The public website does not require the user to have a password. The public access portal allows providers to view and download provider publications, current topics and provider enrollment and re-enrollment applications. This web site gives access to the secure web site log on.

The secure site gives provider specific information concerning claim processing, client eligibility verification, secure file uploads & downloads and other similar functions. You can also review your remittance advices and much more.

For assistance or questions concerning how to log into the secure section of the web portal, please contact HP Provider Relations at 800-842-8440.

Client Eligibility

Please note, it is important to verify client eligibility each time you see a client. Just like commercial insurance, a client may lose his or her eligibility for a number of reasons. It is important to retain the record number when you obtain the client's eligibility status, as in very rare instances, the eligibility record may be inaccurate. This number will allow you to prove that you verified the client eligibility on the date of service and will allow you to be reimbursed for any covered services you performed.

In addition to the CTDHP website, there are a number of ways that you can check client eligibility status. For additional resources please refer to the Connecticut Medical Assistance Program Policy Manual, Chapter 4. Go to
